MAKING THE FESTIVE SEASON A FEAST

Do you find December a festive season? Or a crazy season?

We as women are positioned to set the tone for the festive season. We are the guardians of the traditions that make this a warm and loving time. From the smell of freshly baked Christmas cookies and the soft glow of candlelight to reading the nativity story and praying with our family, we can make it a season that one can look forward to year after year.

Join us for **tea, coffee and cake** as we inspire each other to make Christmas a memorable time for our families. There will be a **mini craft market** where you can find some unique gifts. Do bring along extra cash to support our local crafters.

3 November at 10:00
