Pastor Norman Clack

7 November 2018

Focus of today:

Our environment and circumstances have a tendency to shape our thinking. Fear can paralyze us and cause us to live below the potential that Christ died to bring us.

WELCOME: Ice breaker: Have you ever had a scary encounter with an animal? Tell us more?

WORSHIP: Do a praise and/or worship song as people shift their focus from each other to the Lord.

WORD:

Ask some of the members to read:

1 Peter 5:8-9

- The devil is looking whom he MAY (say “may”) devour, that means he can’t just go around devouring indiscriminately!
- We are commanded: “resist him”!
- As children of God we don’t live by fate - WE LIVE BY FAITH!
- Faith that Jesus is our redeemer!
- Faith that Jesus is our strong tower!
- Faith that through Jesus we are more than overcomers!
- Faith that we can do all things through Christ who strengthens us!
- Fate is fatal!
- Faith is eternal.

Q: Why is the notion of fate so dangerous?

Q: How has the philosophy of fate robbed you of God’s promises?

Read: Galatians 3:13-14

Q: What has Christ done?

Q: What was the curse of the law?

Q: Christ redeemed us in order for something specific to happen. What was that?

Read: Deuteronomy 28:8

Q: Who will command the blessing upon you?

Q: Why is that significant?

Q: God commands the blessing upon 3 specific areas (Your storehouses, the work of your hand and in the land.) Discuss how that impacts your life on a practical level.

GOOD WORKS:
