Sermon Title: **Songs that speak**  
Pastor Reon Louw

17 April 2019

## Focus of today:

**WELCOME:** Ice breaker: Share the highs and lows of your week.

**WORSHIP:** Do a praise and/or worship song as people shift their focus from each other to the Lord.

Suggestion: We are going to share our favourite worship songs. Use this opportunity to share yours and tell us what they mean to you. Then get everyone to sing that song/songs.  
Or just do worship the way you usually do it.

## WORD:

Our worship songs are based on Scripture and are a powerful way for God to speak to us.

Share your current favourite and explain to us what you about it speaks to you. Or relate an event where God used this song to speak to you / guide you / encourage you.

## GREATER WORKS:

- Pray for the weekend's services.

Please make sure everyone knows about Friday's service and motivate everyone to come Friday and Sunday. Easter is not a single event. It is a journey of the greatest significance.
